## Important Instructions

Entry must have been produced in the 2012 calendar year within the states of Kansas, Missouri, Oklahoma, or Texas. Each entry must consist of one form and one printed piece. (Do not send multiple pieces unless the category calls for it.)

## FAQs About Entering

Q. What if my piece is a set or a series?

A. If the category does not specify including more than one printed piece, pick the best piece of the set and submit that piece.

If your entry needs its counter parts to show itself best, and cannot stand alone, enter it in category #47 (see previous question)

Q. What is "They Said It Couldn't Be Done"?

A. This category is for "over the top" production. Entries into this category will require production notes explaining how the piece was produced.

## FEES:
